PROFESSIONAL SUMMARY

Frontend Developer with 2+ years of experience shipping 20+ production websites and campaign landing pages using React.js, JavaScript, HTML5, and CSS3. Skilled in RESTful API integration, PHP/MySQL-driven dynamic websites, and translating Figma/Adobe XD designs into pixel-perfect, responsive UI. Experienced in agile, cross-functional teams, delivering projects on tight deadlines.

TECHNICAL SKILLS

Languages & Core: JavaScript (ES6+), HTML5, CSS3, PHP

Frameworks & Libraries: React.js (Hooks, React Router), Tailwind CSS, Bootstrap

Backend & Database: PHP, MySQL, RESTful API design & integration, Admin Panel Development

CMS & E-Commerce: WordPress, WooCommerce, Theme Customization, Plugin Configuration

UI/UX & Design Tools: Figma, Adobe XD, Responsive Web Design, User-Centric Design

Engineering Practices: Git/GitHub version control, cross-browser & cross-device testing, performance optimization (lazy loading, minification, image compression)

Tools: Visual Studio Code, Chrome DevTools

PROFESSIONAL EXPERIENCE

Frontend Developer — SAI Branding

Nov 2024 – Present

- Develop and maintain 20+ responsive production websites using HTML5, CSS3, JavaScript, and React.js, ensuring consistent cross-browser and cross-device compatibility.
- Build dynamic, database-driven websites with PHP and MySQL, reducing manual content-update effort by implementing custom admin panels.
- Integrate third-party RESTful APIs to extend frontend functionality and improve UI performance through lazy loading, minification, and image compression.
- Convert Figma/Adobe XD designs into fully responsive React components across desktop, tablet, and mobile, achieving pixel-perfect output.
- Collaborate cross-functionally with design and backend teams in an agile workflow to deliver projects on schedule.

Web Designer & UI/UX Designer — Kpyxal Solutions LLP

Apr 2024 – Sep 2024

- Designed and developed responsive, animation-rich websites using HTML5, CSS3, and vanilla JavaScript.
- Created UI mockups and interactive prototypes in Figma and Adobe XD, iterating directly with clients through structured feedback loops.
- Applied modern frontend best practices, including semantic HTML, BEM methodology, and web accessibility standards.

Frontend Developer Intern (React.js) — The Special Character

Dec 2023 – Jan 2024

- Built an e-commerce platform in React.js featuring product listings, a dynamic shopping cart, and payment gateway integration.
- Gained hands-on experience with component-based architecture, React Hooks (useState, useEffect), and React Router.

KEY PROJECTS

Delivered 20+ business, real estate, and campaign websites using HTML, CSS, JavaScript, React.js, and PHP — full portfolio at <https://mitdarjiworkcollection.netlify.app/>

- Bansari Group & Dhanvi Group** — Built responsive real estate property showcase pages with interactive UI components and optimized frontend performance.
- VEA Infracon & BuiltInBIM** (Dynamic Websites) — Developed dynamic websites using PHP, MySQL, HTML, CSS, and JavaScript with structured, responsive layouts.
- Tanishka Overseas** (Dynamic Website) — Developed responsive UI components and optimized site performance across mobile, tablet, and desktop.

EDUCATION

B.E. in Computer Engineering — Vidush Somany Institute of Technology & Research

2020 – 2024

Higher Secondary School — Seth C.M. High School, Gandhinagar

2018 – 2020
